

Siphon pump with a capacity of 0.35 litres per stroke. 2" drum connection.

Accessory addition; 3-metre hose + spout tube and BCS 56 x 4 adapter

Art. no. **HP-03**

2-inch **Dry-Break coupling**, (TODO compatible). To 'spill-proof' fill large storage systems.

Art. no. **DB-02**

$\frac{3}{4}$ inch **AdBlue hose** (19x26) according to ISO 22241, 10 Bar. Very flexible also when it is cold, does not bend or flatten during suctioning.

@Bluetools product. Available in the required length, but also on 50-metre rolls.
